

Confirmation

Confirmation is a rite that represents a strengthening of the graces received in Baptism and also a claiming of one's own Christian faith once one has reached the age of reason. Confirmation in the Episcopal Church is performed by a bishop and often occurs when our bishop visits the parish church. For those not already confirmed, confirmation is also a requirement for full membership in the Episcopal Church including those joining St. Thomas Church. For individuals who have been confirmed in another tradition, a rite of reception is also available and is generally celebrated concurrently with those being confirmed. Classes for individuals preparing to be confirmed or received into the Episcopal Church are organized from time to time. Please contact the parish office for future dates.
